Cylinder pressure regulator FE 121 spectrocen

Product features

- Single-stage cylinder pressure regulator
- Simple and safe gas withdrawal from gas cylinders, for corrosive gases and gas mixtures up to quality 6.0 up to 25 bar vapour pressure
- For corrosive gases and gas mixtures with >1% corrosive components we recommend the use of a purging device (FE 121 SP)
- · New laboratory-style design
- · Ergonomically designed
- Filter at the regulator inlet
- High control accuracy due to large diaphragm
- · Integrated relief valve
- Available with purge device FE 121 SP
- Simple outlet pressure limitation by handwheel
- · Powder-coated bonnet

Technical data

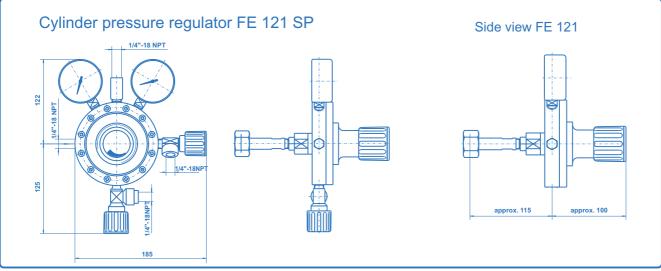

Inlet pressure P₁	max. 25 bar
Outlet pressure P ₂	0,1 - 1,5 bar (higher values upon request)
Flow rate Q	max. 9 m³/h ¹)
Materials	
Body:	SS 1.4404 (SS 316 L)
Diaphragm:	Hastelloy C276
Valve seat:	PCTFE (Kel-F)
Inlet gasket:	PCTFE
Cylinder connector	acc. to international
	standards and gas type
Outlet connector	1/4"-18 NPT-F
Leak rate	10 ⁻⁸ mbarl/s He
Weight	2,1 kg

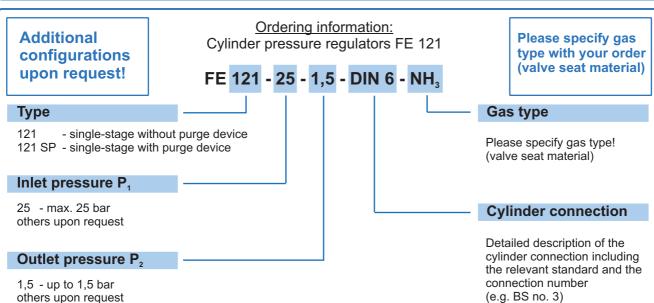

¹⁾ see flow curves

Cylinder pressure regulator FE 121 spectro cer

Specifications

- SPECTROCEM components guarantee maximum quality by using high grade materials and a quality assurance program acc. to ISO 9001.
- All components which come into contact with the medium are cleaned in an ultrasonic cleaning system (CFC-free) with the special cleaning process SPECTRO-CLEAN® and are then baked out.
- SPECTROCEM components undergo a 100% Helium-leak-test.

Pressure indication

 All pressure regulators are equipped with pressure gauges for inlet- and outlet pressure indication.

Important note regarding component selection

- In order to assure safe operation it is essential to take the configuration of the whole system into account when selecting a pressure regulator.
- The function of the regulator, the compatibility of the materials, correlating temperature ranges, correct installation, operation and maintenance in accordance with the relevant regulations are the responsibility of the system designer and the user.
